

Hospital Sleep Rooms & Staff Restrooms

- Affordable access control securing sleep rooms, restrooms, classrooms and offices with a simple push of a button or thumb turn
- Cylindrical and mortise models available with PIN and PIN/Prox access
- Meets all ADA & HIPPA compliance requirements
- Comes with access control functions, i.e., scheduling, audit trail and HID prox capability
- Ideal for hospital on-call sleeping rooms for doctors and nurses, confidential file rooms, single occupancy restrooms, dressing rooms, executive offices, etc.
- Add, delete, change users at the keypad with ease, eliminate the expense of cutting keys or pinning cylinders
- An occupied multi-status LED indicator flashes when privacy session is active, override feature insures access in case of an emergency
- 2000 user codes (3-6 digits) and/or accepts HID prox cards
- Up to 40,000 event audit trail log, time and date stamped
- 500 scheduled events, DL Windows compatible
- A self-stick multilingual instructional sign helps guide users on how to activate/deactivate the privacy feature
- Weatherproof -31°F to 151°F (-35° to +66°C)
